HPC Monthly Workshop Philosophy

- Workshops as long as they *should* be.

- You have real lives…
  - in different time zones…
  - that don’t come to a halt.

- Learning is a social process
  - This is not a MOOC
  - But this is also not the Wide Area Classroom
    ...so bear with us.

Copying code from PDFs is very error prone. Subtle things like substituting "-" for "-" are maddening. I have provided online copies of the codes in a directory that we shall shortly visit. I strongly suggest you copy from there if you are in a cut/paste mood.

The YouTube Channel Has Arrived!

Due to overwhelming demand, and a lot of editing, we have begun to post workshop videos on the XSEDE Monthly Workshop Training Channel: XSEDETraining

They will be incrementally appearing in the coming months. Subscribe and give us feedback.
